

# MegaPAC L2

Dual 23." HD Displays in an up-down design integrated into a high performance rugged portable. Designed for video editing, media and broadcast applications with 7x full-length expansion slots.

## 2x 4K Displays

The MegaPAC L2 is the first every portable workstation with 4K resolution. The dual 4K displays add up for a combined 7680x4320 resolution. It is ideal for many professional works that are in the digital media or broadcasting field, including but not limited to 3D rendering, post-production processes, and professional photography. With this computer, you can now observe new details of your work.

## 7 Full-Length Expansion Slots

With the dual Ultra HD displays and 7 full-length expansion slots, the MegaPAC L2 is the ideal platform for digital media related applications. As it can be configured with many special add-on cards, it is perfect for 3D rendering, post-production processes, and professional photography.
