NotePAC III Pro H

High-performance rugged laptop with server-grade performance and three tiltable 17.3" full HD displays.

Multi-Screen Situational Awareness

The triple 18.5", 1500-nit displays support mission dashboards, mapping, and video in a single workstation by delivering significantly more screen area than standard rugged laptops.

High Density Memory and Compute

Up to 512GB DDR5 ECC memory supports intensive data workloads and consolidation of edge computing infrastructure.

High Bandwidth Ingest and Network Connectivity

Dual 100G fiber LAN enables ultra-low latency data ingestion and high throughput networking for real-time, sensor driven operations.

Technical Specifications

PRODUCT	NOTEPAC III PRO H
DISPLAY	3X 18.5" FHD (1920X1080), 1500 NITS
CPU	INTEL® XEON® 6
GRAPHICS CARD	NVIDIA RTX PRO 4000 BLACKWELL
MEMORY	4X DDR5 ECC RDIMM SLOTS, MAX 512GB
STORAGE	1X M.2 PCIE 4.0 X4 SLOT (M-KEY 2280), 4X U.3 NVME SSD WITH HOT-SWAP SUPPORT
ETHERNET	1X 1GBE WITH INTEL® I210, 2X 100G QSFP28 LAN VIA SOC
POWER SUPPLY	1200W CRPS REDUNDANT AC / OPTIONAL 1000W DC POWER MODULE
KEYBOARD & MOUSE	USER ADDRESSABLE RGB KEYBOARD
